Letter From The SAC President

Hello, my name is Randy Livingston:

I am honored to be your new University of Arizona, Staff Advisory Council President. I became a member of SAC in 2005 because I believe classified staff representation in UA governance is crucial to all of us at UA. SAC is our vehicle for ensuring our voice is heard and our needs are represented. As part of the shared governance community our voice is heard and we provide important input on issues that impact our daily lives. SAC has been instrumental in the University supported Child Care Assistance Program, employee recognition program, orthodontia benefits and payment for accumulated sick leave upon retirement.

I have worked for the University Garage/Motor Pool for over ten years and I enjoy working with all University of Arizona staff, faculty and students. I have

been married for over 12 years and have 1 daughter. My family is my priority in life. I am a Tucson native, and a big Wildcat sports fan.

I look forward to a great year as President of SAC. We have increased the Staff Advisory Council membership by welcoming 5 enthusiastic members at our most recent meeting. We have some great events coming soon including the annual SAC Conference, The Awards for Excellence and the On Your Own Time Art Exhibit to name a few.

Part of our mission is to provide a forum of discussion where classified staff can represent and advocate their needs. We are happy to host a town hall meeting with President Shelton in September and I encourage all available staff members to attend. If you cannot attend in person please use our website to submit questions to the President and we will do our best to make sure as many questions

as possible are answered during this event.

SAC General meetings are generally the first Tuesday of the Month, please join us. If you would like to get involved with SAC and would like to join Staff Advisory Council please contact me or any member.

I look forward to serving classified staff during my two year term. SAC exists to foster and enhance communications between the classified staff and the University community; with this in mind, please feel free to contact me with your concerns and ideas relating to enriching the lives of classified staff at UA.

Respectfully,
Randy Livingston
